## Roundback & Ridgeback Sleepers

**The recognised leader in treated wood products - a natural, renewable resource**

## Roundback & Ridgeback Sleepers

Koppers Roundback & Ridgeback sleeper offer an attractive, contemporary look to your landscaping solutions.

Easy to install and guaranteed to be durable and resistant to insects and fungal decay.

Treated with your choice of traditional CCA (Copper Chrome Arsenate) or Koppers Ecowood, our new generation copper-based preservative.

Koppers Roundback & Ridgeback sleepers are sourced from plantation pine - making them a sustainable, renewable and environmentally friendly consumer product choice.

Treated to last, Koppers Roundback & Ridgeback Sleepers comply with the requirements of:

- TUMA (Timber Utilisation & Marketing Act, QLD)
- TMA (Timber Marketing Act, NSW)
- Guaranteed for 25 years
- H5 treated with CCA or H4 treated Koppers Ecowood
- Available from Koppers stockists
